Here are some great ideas to make this gift “personal” just for him!

Take the items out of the bag and:

For the fisherman: Place the items in a tackle box along with a few lures. He'll love having his very own fishing kit for washing up after a day on the lake!

For the hunter: Place the items in a wooden ammo box. Very manly!

For the Golfer: Place the items in a Golf bucket with golf balls and tees! Green Excelsior for padding.

For the Baseball fan: Buy a baseball cap of his favorite team and turn it upside down. Fill with Excelsior and the Mountain Fresh set, along with a baseball. – or - Buy a popcorn bowl or movie theatre empty popcorn container. Fill with shredded confetti and Mountain Fresh items! Don't forget the baseball!

For the Football fan: Buy an oval basket (with no handles) and paint the outside to look like a football. Stuff it with the set and shredded confetti.

For the Basketball fan: Buy a round basket (with no handles) and paint the outside basketball orange. Stuff with the goodies, along with a toy set of cheerleader pom pom's!

For the Motorcycle rider or racer: How about an inexpensive helmet upside down filled with the goodies! Buy him a toy motorcycle just for fun. All men love “toys”!

For the computer wiz: Buy a floppy disk case and fill with the goodies. Add some CD's or floppies for fun!

Use your imagination and make it “personal” according to what his interest is. He'll feel really special!
